## Manager

### Evaluation Questionnaire

Good stewardship relies on good communication. Our endeavor, in implementing another channel of communication, is to make continual improvements to the baseball program. Our philosophy is that *coaching* is synonymous with *teaching*. By way of helping us, through positive feedback and constructive criticism, we can better prepare our coaches to teach sound fundamentals, while demonstrating good sportsmanship to all players, in both dugouts. Please take a moment to look over and complete the Manager Evaluation questionnaire before seasons' end and return it back to MYB.

You may return your evaluation form using one of the two methods listed below:

1 – Drop off the sealed (fold into three sections and tape it closed) form into the collection box at either the Bise or Amtech concession.

2 – Mail it to MYB - P.O. Box 153 Merrimack, NH 03054

If an extra copy is needed please download the Word or Acrobat form from the MYB website – [www.myabaseball.com](http://www.myabaseball.com)
